Jack Turnbull Digby Professional

This mild mannered, relatively unobtrusive man has been walking your streets for decades. Don't worry, he has his own healthy take on things for sure, but he does his work behind the scenes. His labours do come to light, sometimes in a very flashy way but without his name attached. The outward display and moniker of all his work is its quality. I happen to own a couple of his pieces and they are two valued friends that I couldn't survive without. He does have a loyal assistant.

Her name is Debbie Mackin who you might say is his opposite. Mild mannered but tres outgoing in such a friendly way.

I'm sure her spirit influences all their work and adds the sparkle and flash to the end product. Many hundreds of people in the Digby area are happy to display his work daily. Just look around you... The next smile you see may be one of his. Jack Turnbull...Smile Creator. Owner and operator of Basin Dental Laboratory 68 Water St. Digby

Sissiboo: an old sea-faring term from back in the days of The Tall Ships used to describe a young sailor afraid of the dark.

Local Group Records New CD

Blair Cromwell, local guitarist and studio recording artist has put a band together. They're called "Against The Grain", and will be releasing a studio recording called "Bear River Bound." The other members are Jack Fuller, vocals and guitar, Gary Hurlock, bass guitar, and Evan Nemeth on drums and percussion. CD release party date and location to be announced in mid-September.

QUICOK BOK REVIEW
 "Abundant Living" by E Stanley Jones.

It's a good book to read if you are worried about something.

=====

Digby County Exhibition
 August 23 to 26 2017 in Bear River
Cows. Horses. Ox Pulls, and 4-H

Sorry, but the end of summer is just around the corner. The good news is, it's Exhibition time. The harnesses are being polished, animals groomed and 4-H ers dreaming about competition ribbons. Sleeping out in tents and trailers for a few nights of camaraderie with their friends is an end of summer ritual enjoyed by young and old. For some of us it's all about the nostalgic odor of hay and cows; a restful lazy afternoon spent dawdling through the barns. Just to join the farm world for a day takes us back to a gentler time that struggles to exist amidst the towering realities of forest fires, nuclear weapons and super tankers, filled with crude oil, invading our Sacred Bay of Fundy. Thank God for the Digby County Exhibition and it's four days of relief. A display of rural life that comes out once a year to remind us of our heritage and the values that can still make us strong in an often crazy world.
